3 September HMMP Technical memo_09 26 2014w.pdf
4 Rosemont HMMP Transmittal letter_09 26 2014w.pdf

David,

Thanks for forwarding to me the names and positions of the participants in yesterday's meeting. And thanks again to you and your colleagues for taking time yesterday to meet with my clients from HudBay and me to discuss the Rosemont copper mine project in southern Arizona. I hope that all of you found the meeting to be a useful introduction to the HudBay folks and a helpful update on the current status of the permitting process for the project.

For your use and information I have included herewith the September 26, 2014 letter by which HudBay transmitted to the Army Corps of Engineers its revised Habitat Mitigation and Monitoring Plan for the Rosemont project. As we discussed, the revised HMMP is substantially more robust than the plan previously submitted to the Corps. I have also included a memorandum that describes in more detail the improvements in the newly submitted HMMP.

I hope that these materials are helpful to you. If you or any of your colleagues have any questions or concerns regarding the matters that we discussed at the meeting or the attached materials, please do not hesitate to call upon me.

Thanks.

Alan L. Mintz
